

Volunteers wanted

Do you like to work and play with kids?

Come and experience life at our school as a volunteer!

We are looking for native speakers (British or American English) who are interested in playing and singing with our students, ages 6 years and up, for about one to two hours a week. By establishing the group "FUN AND GAMES" we want to establish an every-day setting that encourages our students to use the English language and practice their skills.

You must not necessarily have an educational background, but you should bring some ideas of input. We are open to your ideas and discuss time frames.

The Montessori-School in Münster opened in 2006. We run an elementary and secondary full-time school. As of today, students are between the ages of 6 and 16 (classes 1 through 9) – we are still growing! We believe that learning is an exciting process of discovery, leading to concentration, motivation, self-discipline, and a love of learning.

Principles of our school are:

- » Students are in mixed-age classrooms
- » Students with special needs and gifted students learn together in the same classroom
- » Students learn at their own, individual pace and according to their own choice of activities from within a prescribed range of options
- » Students learn concepts from working with materials, rather than by direct instruction
- » All students participate in our full-time programme, extra-curricular activities are offered as well
- » Teachers work in teams and share their tasks and responsibilities

Please send a short resume by email to Eva Grindel - eva.grindel@montessori-muenster.de
